Over 50 Years of Service to the Electric Power Industry

APP ENGINEERING

www.appengineering.com

- Digital Fault Recording products and services for Transmission, Generation, and Distribution applications

BETA ENGINEERING

www.betaengineering.com

- EPC services for AIS, GIS, FACTS, transmission line, synchronous condenser, and battery energy storage system (BESS) projects

CHARLES TAYLOR ADJUSTING

www.ctadjustingusa.com

www.marketscreener.com/charlestaylor

- Non-invasive, on-line, energized diagnostic testing of generators, transformers, bus duct, motors, and other critical electrical apparatus using state-of-the-art, Electro-Magnetic Signature Analysis products and services
- Expert engineering, forensic, and design review services

MOSER GLASER

www.mgc.ch

- DURESCA™ touch-safe, resin impregnated paper (RIP) insulated bus bar to 230 kV

POWELL INDUSTRIES

www.powellind.com

- PowerVac (formerly GE) metal clad switchgear to 15 kV
- PowIVac metal clad switchgear to 38 kV, standard and arc-resistant
- Turnkey power control rooms (PCRs)
- Delta-Unibus segregated, non-segregated, and isolated phase bus duct
- Mobile capacitor banks to 230 kV, metal-enclosed capacitor banks to 38 kV
- Custom apparatus trailers

PTI TRANSFORMERS

www.ptitransformers.com

- Large transformers to 500 kV
- Mobile substations to 230 kV

WEG ELECTRIC

www.weg.net

- Synchronous condensers
